CAREER OBJECTIVE

An eager Computer Science graduate actively seeking opportunities to apply practical human-centered design expertise in UI/UX and Front-End Development fields in the industry.

EDUCATION

De La Salle Lipa
Bachelor of Science in Computer Science
2022 - 2026
Academic Distinction

De La Salle Lipa
Senior High School
2020 - 2022
With High Honor

RELEVANT PROJECTS

- ***Lomi Dash****: Project Lead & Full-Stack Developer* 2025 - 2026
  - Led a 3-member team in the development of a 2.5D mobile cooking game.
  - Architected and implemented full-stack features in Unity (C#) and Firebase, supporting ~20 concurrent users with real-time data synchronization.
  - Implemented Hierarchical Task Networks (HTN) and Procedural Content Generation (PCG) to model gameplay features as modular, reusable components.
  - Presented a research paper about the game and received a Best Thesis Award.
- ***Library Management System (LMS)*** *: Project Head & Front-End Developer* 2025
  - Developed responsive, role-based interfaces for three distinct user personas.
  - Collaborated on functional CRUD operations to enable seamless book tracking, reservations, and user management.
- ***Cinema Booking System (CMS)*** *: Front-End Developer* 2024
  - Contributed to front-end development of a web-based booking platform, implementing CRUD functionality for two user roles (customer and admin).
- ***Coin Crisis****: Prototype Designer* 2023
  - Created interactive Figma prototypes, user flows, and mockups to guide early-stage 2D game design.

SEMINARS AND TRAINING

- Internship: Knowles Training Institute — March 2026 - May 2026
- DLSL Campus Tech Talk feat. Gen AI — May 9, 2025
- Decoding Software Development: Roles, Lifecycle, and Your Career Path — May 8, 2025

ORGANIZATIONAL EXPERIENCE

- Associate Creative Director for Lavoxa Tabloid - *LAVOXA* 2025 - 2026
- Associate Creative Director for Lavoxa Online - *LAVOXA* 2024 - 2025
- Chief Artist for Lavoxa Online - *LAVOXA* 2023 - 2024
- Staffer - *LAVOXA* 2022 - 2023

KEY SKILLS

- ***Technical Skills:*** Adobe Creative Suite, Canva, Microsoft Office, Google Workspace, Unity, Figma, Microsoft Visual Studio and Visual Studio Code, Jupyter Notebook, Git and Github
- ***Web and Mobile Development:*** HTML, CSS, React, React Native. Wordpress
- ***Programming Languages*****:** C#, C++, Javascript, Typescript, Python
- ***Personal Skills:*** Problem-Solving, Project Management, Collaboration, Communication, Adaptability
